

Statement of Purpose

1. AIMS AND OBJECTIVES

The Trust's vision is summarised as:

Barnsley Hospital - providing the best healthcare for all.

The Mission

- To improve the health and wellbeing of the people of Barnsley.
- To enable people to be in control of their health and wellbeing by promoting independent living.
- To make care more accessible.
- To reduce the inequalities that exists between Barnsley and the rest of England.

Values and behaviours

- To treat people how we would like to be treated ourselves
 - We will:
 - Show you respect, courtesy and professionalism
 - Treat you with kindness, compassion and dignity
 - Communicate with you in a clear, honest and responsible manner
- We work together to provide the best quality care we can
 - We will:
 - Share the same goals: finding answers together
 - Recognise your contribution by treating you fairly and equally
 - Constantly learn from you, so we share and develop together
- We focus on your individual and diverse needs
 - We will:
 - Personalise the care we give to you
 - Keep you informed and involve you in decisions
 - Take the time to listen to you

Strategic aims

1. Provide high quality and safe services.
2. Design healthcare around the needs of our patients.
3. Invest in our workforce and continue to develop them to provide high quality services.
4. Make the best use of our resources.
5. Maintain financial viability and sustainability.
